COMMEMORATIVE STAMP

Give yourself a score by deciding if your project demonstrates:

4 All criteria 3 Most criteria 2 Some Criteria 1 Few criteria

Criteria:

- ✓ The theme you chose to represent the book you read is stated on the stamp
- ✓ You have created an illustration to represent this theme
- ✓ You made good use of color
- ✓ Your stamp included a price
- ✓ You have written a paragraph on the back of your stamp
- ✓ Your paragraph includes the title and author of the book you read
- ✓ Your paragraph includes an explanation of how your illustration represents the theme
- ✓ Your paragraph is neatly typed using words that are accurately spelled, with correct grammar and punctuation
- ✓ You include your name on the project

I give my project a 4, because it accurately depicts four of the common themes throughout the book. It also follows all of the required criteria listed above some above expectations.

One thing I am proud of is the use of pictures to represent each of the themes. I also used Microsoft Paint to create each of the stamps individually.

One thing I'll do differently next time is scan in pictures from magazines or personal pictures to include in the stamps.
